

New Source Review newspaper advertisements for construction permit applications, October 18, 2007. The following public notices have been published in the newspapers listed below each advertisement. These newspaper advertisements for construction permit applications were published on one of the following dates: October 16, October 17, or October 18, 2007. Public notices are generally published every two weeks. The previous publication of public notices was October 4, 2007.

### PUBLIC NOTICE

The Tennessee Division of Air Pollution Control (TDAPC) has received requests for construction and/or modification of air contaminant sources as noted below. The proposed construction and/or modification is subject to part 1200-3-9-.01(1)(h) of the Tennessee Air Pollution Control Regulations, which requires a public notification and 30-day public comment period. Interested parties may express their comments and concerns in writing to Mr. Barry R. Stephens, Director, Division of Air Pollution Control, 9<sup>th</sup> Floor, L & C Annex, 401 Church Street, Nashville, Tennessee 37243-1531 within thirty (30) days of the date of this notice. Questions concerning a source may be addressed to the assigned Division personnel at the same address or by calling 615-532-0554.

Individuals with disabilities who wish to participate should contact the Tennessee Department of Environment and Conservation to discuss any auxiliary aids or services needed to facilitate such participation. Such contact may be in person, by writing, telephone, or other means, and should be made no less than ten days prior to the end of the public comment period to allow time to provide such aid or services. Contact the Tennessee Department of Environment and Conservation ADA Coordinator, 12th Floor, 401 Church Street, Nashville, TN 37243, 1-866-253-5827. Hearing impaired callers may use the Tennessee Relay Service, 1-(800)-848-0298.

#### FIRST APPLICANT:

The applicant is Minco, Inc. with a mailing address of 510 Midway Circle, Midway, TN 37809. They seek to obtain an air contaminant permit (Division identification number: 30-0129-45/61156) for installation of a fused silica blending and packaging process located at the same address. A baghouse will be used for pollution control. There would be physical construction. There would be an increase in the regulated air contaminants emitted by this source. Mr. D. Logsdon is the assigned Division person.

#### SECOND APPLICANT:

The applicant is EQ Mobile Recycling Services, Inc. with a mailing address of 540 Independence Blvd., Mt. Airy, NC 27030. They seek to obtain an air contaminant permit (Division identification number: 30-0196-01/61247) for construction of a Mobile Recycling Operation located at 920 Potterstown Road, Greenville, TN 37809. This proposed operation would consist of portable solvent recovery operation with one diesel generator, and the process is a closed loop solvent recovery by distillation. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be no physical construction. Regulated air contaminants would be emitted by this source. Ms. S. Shajikumar is the assigned Division person.

For the Greene County *Greeneville Sun* -- published once on or before Thursday, October 18, 2007.

The applicant is Woodcraft, Inc. with a mailing address of PO Box 1819, Morristown, TN 37814. This company seeks to obtain an air contaminant permit (Division identification number: 32-0142-02/61056) for a Vacuum Surface Coating Operation located at 105 Austin Road, Morristown, TN 37814. The proposed operation would consist of a vacuum coating system with a lateral curing oven used for coating wood products used in the production of moldings and doors. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. Doug Warden is the assigned Division person.

For Hamblen County *Morristown Citizen Tribune* --published once on or before Thursday, October 18, 2007.

The applicant is Precision Polymers, LLC dba Oliver Fiberglass Products with a mailing address of 609 Swan Avenue, Hohenwald, TN 38462. They seek to obtain an air contaminant permit (Division identification number: 51-0031-03/61087) for construction of a Fiberglass Reinforced Plastics Manufacturing and Coating Operation located at the same address. This proposed operation would consist of spray booths and associated equipment to produce shower stalls and structural housing parts. Dry filters will be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. J. Fuss is the assigned Division person.

For the *Lewis County Herald* -- published once on or before Thursday, October 18, 2007.

---

The applicant is Rinker Materials South Central, Inc. with a mailing address of P.O. Box 2389, Knoxville, TN 37901. They seek to obtain an air contaminant permit (Division identification number: 53-0074-01/61264) for modification of a Limestone Quarry Operation located at 2107 Big Hill Road, Lenoir City, TN 37772. This requested modification is for an increase in annual production. Wet Suppression is used for pollution control. There would be no physical construction. There would be an increase in the regulated air contaminants emitted by this source. Mr. D. Logsdon is the assigned Division person.

For the Loudon County *News-Herald* -- published once on or before Thursday, October 18, 2007.

---

The applicant is Citizens Gas Utility District of Scott and Morgan Counties with a mailing address of P.O. Box 320, Helenwood, TN 37755. They seek to obtain an air contaminant permit (Division identification number: 65-0052-02/61005) for construction of a Natural Gas Compression Station located at 545 Brewster Town Road, Sunbright, TN 37872. This proposed operation would consist of one (1) Ajax 360 Hp natural gas fired engine used to inject or withdraw natural gas at the Indian Creek Storage Field. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be physical construction. Regulated air contaminants would be emitted by this source. Ms. O. Jacobsen is the assigned Division person.

For the *Morgan County News* -- published once on or before Thursday, October 18, 2007.

---

The applicant is Food City Gas N Go #609, with a mailing address of P.O. Box 1158, Abingdon, VA 24212. They seek to obtain an air contaminant permit (Division identification number: 78-0205-01/61362) for construction of a Gasoline Dispensing Facility located at 2950 Winfield Dunn Parkway, Sevierville, TN 37764. This proposed operation would consist of two gasoline storage tanks and associated gasoline dispensing equipment. Stage I gasoline vapor recovery would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Ms. Hymelia Craig is the assigned Division person.

For the Sevier County *Mountain Press* -- published once on or before Thursday, October 18, 2007.

---

The applicant is 4186 Stop N Buy #2 (Tri Star Energy) with a mailing address of 1740 Ed Temple Blvd., Nashville, TN 37208. They seek to obtain an air contaminant permit (Division identification number: 83-0250-01/58044) for construction of a Gasoline Dispensing Facility located at 240 Saunders Ferry Rd., Hendersonville, TN 37075. This proposed operation would consist of three (3) underground tanks and six (6) gasoline nozzles. Stage I and II vapor recovery would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. H. Flores is the assigned Division person.

For the Sumner County *News-Examiner* -- published once on or before Thursday, October 18, 2007.

---

The applicant is EQ Mobile Recycling Services, Inc. with a mailing address of 540 Independence Blvd., Mt. Airy, NC 27030. They seek to obtain an air contaminant permit (Division identification number: 90-0371-01/61244) for construction of a Mobile Recycling Operation located at 2225 Eddie Williams Road, Johnson City, TN 37601. This proposed operation would consist of portable solvent recovery operation with one diesel generator, and the

process is a closed loop solvent recovery by distillation. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be no physical construction. Regulated air contaminants would be emitted by this source. Ms. S. Shajikumar is the assigned Division person.

For the Washington County *Johnson City Press* -- published once on or before Thursday, October 18, 2007.
